SUGGESS-POWER

Profit From Mistakes

A man makes his greatest mistake when he misses the lessons from his mis-steps. He travels the road but once and lessons lost must be left behind.

Mistakes cannot mar nor mark you if you do not fall and fail to get up. When you slip, do not complain against the fate that tomorrow may bring you good for-

Mistakes will happen with all men, because they are human. But the divinity within shapes our ends toward forgiveness and fresh starts.

The man who has never made a slip will never get his grip on the problems of life. The mistakes of yesterday teach us what not to do today.
